## Instructions for Use

Puralid® Lipogel for use in Blepharitis or Blepharoconjunctivitis

### What is Puralid® Lipogel?

Puralid® Lipogel is an ophthalmic product which soothes and cleanses the eyelids and the periorcular area. It contains Liposomes, Tea Tree Oil, Vitamin A, Xanthan gum, Ferulic acid, Vitamin ETPGS and Alfa Bisabolol.

Liposomes, formed by a double layer of phospholipids, are known for their soothing and emollient properties, as well as the ability to effectively deliver the working ingredients.

Tea Tree Oil, extracted from Melaleuca alternifolia, is known for its antimicrobial properties.

Vitamin A strengthens and maintains the skin by regulating epithelial function. It is also an antioxidant which, together with Xanthan Gum, Ferulic acid and Vitamin E TPGS, acts in synergy with liposomes to protect the eyelid surface from the oxidative action of free radicals and UV rays.

Alfa Bisabolol is the main component of chamomile essential oil. It has soothing properties, reduces redness and inflammation, even in case of particularly delicate skin. It is characterised by good skin tolerability.

### What is Puralid® Lipogel used for?

Puralid® Lipogel is used to soften and remove flaking residue on the eyelid during inflammatory events like blepharitis or blepharoconjunctivitis.

### How often should I use Puralid® Lipogel?

Use the product twice a day, or more if advised by your doctor.

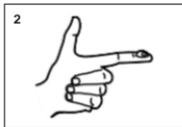

### How to use Puralid® Lipogel

Before first use, hold the bottle upright and push the pump firmly 3/5 times to load the dispensing system, until it delivers the gel.

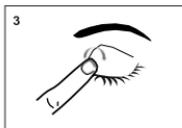

1. Wash your hands carefully.

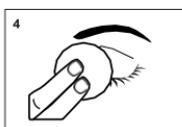

2. Dispense a small amount of Puralid® Lipogel on your fingertips.

3. Gently spread it on the eyelids with circular movements.

4. Leave on for a few minutes. Wipe away any flakes with a clean tissue or cotton pad.

Read the whole leaflet carefully before you start using this product.

Keep this leaflet; you may need to read it again.

If you have any further questions, ask your doctor or pharmacist.

### What are the possible side effects?

IF YOU NOTICE ANY SIDE EFFECTS PLEASE INFORM YOUR DOCTOR OR PHARMACIST.

### How to store Puralid® Lipogel

- Do not store above 25°C;
- Do not freeze;
- Keep away from heat, moisture, direct sunlight;
- Keep out of reach and sight of children.

### Composition:

Phospholipids S80 (by NIOlip), Xanthan gum, Bisabolol, Tea Tree Oil, Vitamin E TPGS, Ferulic Acid, Vitamin A Palmitate, EDTA disodium dihydrate, Potassium Sorbate, Sodium Benzoate, Sodium Hydroxymethylglycinate, Citric acid monohydrate, Potassium Citrate Tribasic Monohydrate, Distilled water.

### Warnings

- External use only;
- Do not use the product if you are hypersensitive to any of its components;
- Do not use the product after the expiry date indicated on the pack;
- Do not use the product if the packaging is damaged;
- Use the product within 8 weeks from first dispensing (15ml bottle);
- Use the product within 24 hours from first dispensing (1ml mini-container).
